

LITIGATION FINANCE SEMINAR

Kochanski & Partners together with Delta Capital Partners invite you to attend a joint seminar where we will present on the topic of Litigation Finance & the variety of services offered by both Kochański and Delta.

Litigation Finance is an industry which supports clients who either lack capital to pursue a legal claim and/or case or who have the capital and are interested in sharing risk with a third-party funder. Delta invests in various commercial disputes by providing financing, typically on a non-recourse basis. In exchange, Delta receives a multiple on its capital investment or a percentage of the total proceeds derived from a settlement, judgment, award, monetization or recovery, as applicable, received by the funded claimant.

Topics to be covered:

- what is litigation finance;
- practical aspects of litigation finance;
- types of clients and cases interesting to funders;
- litigation finance in the construction sector & litigation-collateralized-loans (LCLs).

Speakers will include lawyers and investors with unique experience in litigation funding within the international and Polish markets.

SAVE THE DATE: **January 30, 2020 (Thursday)**

TIME: **10:00-12:30**

WHERE: **Kochański & Partners, Metropolitan Plac Piłsudskiego 1, Warsaw**
